Family owned **Huber's Butchery** has been a beacon of premium quality meats for years. We source all our premium meats, including our signature pork knuckle, from our dear friends at Huber's because just like them we believe in ethical consumption and quality you can taste.

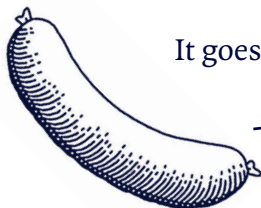

Animal welfare - approved origins and ethical treatment.

Human welfare - fair wages and traceability from farm to fork.

Born and trained as a Master Butcher in Germany, Rudi Ahl has become a leading gourmet meats manufacturer in Singapore known as **Rudi's Fine Food**.

Our well-loved Paulaner sausages are handcrafted and custom-made by Rudi according to our secret Paulaner recipe.

It goes without saying that all our sausages are

- free from artificial fillers and
- without added MSG.
